

KNOW2PROTECT®

INTERNET SAFETY CHECKLIST

- Set all apps, games, and devices to private.
- Turn off location data services on social media and nonessential apps.
- Make sure you and your children know who they're interacting with online.
- Limit followers to friends and family they know in real life.
- Preview and research the apps your child wants to download.
- Password protect or control access to the places your child downloads or purchases apps and games.
- Have a device check-in time or consider random spot checks of activity and apps.
