

9mm Duty Handgun

The Department of Homeland Security has approximately 72,000, armed agents and officers who are required by policy to carry a firearm as part of their assigned duties. The award of this critical contract vehicle provides these officers and agents with a highly vetted 9mm handgun platform while allowing DHS to achieve a significant cost avoidance through a consolidated purchasing mechanism.

Key Contract Vehicle Features:

- Firearms were rigorously tested prior to award;
- Provides multiple 9mm variations to accommodate most duty scenarios;
- Supports all DHS Components and other Federal agencies and eliminates the need for each Component to develop their own contract vehicle therefore reducing redundant contracting activities;
- Provides access to additional magazines and replacement parts;
- Freezes pricing for the length of the contract; and
- A ten-year period of performance allows for the availability of a steady supply and consistent pricing over a longer period;

Period of Performance (POP):

- Ten-year base, 4/9/2019 through 4/8/2029.
- Delivery dates up to twelve months past the end of the POP.

Number of Awardees:

One (large business)
