

## Disaster Relief Fund:

## Monthly Report

As Of March 31, 2015

April 7, 2015
Fiscal Year 2015 Report to Congress

Federal Emergency Management Agency

## Foreword from the Administrator

April 7, 2015
I am pleased to present the following, "Disaster Relief Fund: Monthly Report," which has been prepared by the Federal Emergency Management Agency (FEMA).

In response to language set forth in the Department of Homeland Security Appropriations Act, 2015 (Public Law 114-4), the report provides details on funding activities for the Disaster Relief Fund as of March 31, 2015.

Pursuant to congressional requirements, this report is being provided to the following Members of Congress:

The Honorable John R. Carter
Chairman, House Appropriations Subcommittee on Homeland Security
The Honorable Lucille Roybal-Allard
Ranking Member, House Appropriations Subcommittee on Homeland Security
The Honorable John Hoeven
Chairman, Senate Appropriations Subcommittee on Homeland Security
The Honorable Jeanne Shaheen
Ranking Member, Senate Appropriations Subcommittee on Homeland Security
Inquiries relating to this report may be directed to me at (202) 646-3900 or to the Department's Chief Financial Officer, Chip Fulghum, at (202) 447-5751.

Sincerely,

W. Craig Fugate

Administrator
Federal Emergency Management Agency

## Disaster Relief Fund: Monthly Report As Of March 31, 2015

## Table of Contents

I. Legislative Language ..... 2
II. Background ..... 3
Appendix A: Appropriations Summary ..... 4
Appendix B: DRF Funding Activity ..... 5
Appendix C: Hurricane Sandy FY 2015 Estimates ..... 10
Appendix D: Allocations, Obligations, \& Expenditures ..... 11
Appendix E: Estimate of Fund Exhaustion Date ..... 15
Appendix F: DRF Cost Estimation Bridge Table ..... 16

## I. Legislative Language

This document has been compiled pursuant to language set forth in Public Law (P.L.) 114-4 (Mar. 4, 2015), which states:

Provided further, That the Administrator of the Federal Emergency Management Agency shall submit to the Committees on Appropriations of the Senate and the House of Representatives the following reports, including a specific description of the methodology and the source data used in developing such reports:
(2) an estimate or actual amounts, if available, of the following for the current fiscal year shall be submitted not later than the fifth day of each month, and shall be published by the Administrator on the Agency's Web site not later than the fifth day of each month:
(A) a summary of the amount of appropriations made available by source, the transfers executed, the previously allocated funds recovered, and the commitments, allocations, and obligations made;
(B) a table of disaster relief activity delineated by month, including-
(i) the beginning and ending balances;
(ii) the total obligations to include amounts obligated for fire assistance, emergencies, surge, and disaster support activities;
(iii) the obligations for catastrophic events delineated by event and by State; and
(iv) the amount of previously obligated funds that are recovered;
(C) a summary of allocations, obligations, and expenditures for catastrophic events delineated by event;
(D) in addition, for a disaster declaration related to Hurricane Sandy, the cost of the following categories of spending: public assistance, individual assistance, mitigation, administrative, operations, and any other relevant category (including emergency measures and disaster resources); and
(E) the date on which funds appropriated will be exhausted.

This report covers activities as of March 31, 2015.

## II. Background

Pub. L. No. 114-4 requires that the FEMA Administrator provide a report by the fifth day of each month on the Disaster Relief Fund (DRF) which includes a funding summary, a table delineating the DRF funding activities each month by state and event, a summary of the funding for the catastrophic events, and an estimate of the date on which the funds will be exhausted.

Consequently, the following report elements are included:

1. Appendix $A$ is an appropriations summary that includes a synopsis of the amount of appropriations made available by source, the transfers executed, the previously allocated funds recovered, and the commitments, allocations, and obligations.
2. Appendix B presents details on the DRF funding activities delineated by month.
3. Appendix C presents Hurricane Sandy FY 2015 estimates by spending categories.
4. Appendix D presents funding summaries for the current active catastrophic events including the allocations, obligations, and expenditures.
5. Appendix E presents the estimate of the fund exhaustion date, or end of fiscal year balance.
6. Appendix F presents a bridge table which provides explanation for the monthly and baseline change for all activities to include details for catastrophic events.

## APPENDIX E: Estimate of Fund Exhaustion Date

As of $3 / 31 / 2015$

## DRF End of Month Balance

(Based on Estimated Obligations, Recoveries and No New Catastrophic Events)

* Projected ending balance reduced by $\$ 1 \mathrm{~B}$ provision for reserve. FEMA will continue to evaluate the reserve to support no-notice events and may make future adjustments.
(1) Includes FY2015 funding for the following major disaster events:
- Hurricanes Katrina/Rita/Wilma - 2011 Spring Floods
- Hurricane Gustav - Hurricane Irene
- Hurricane Ike
- Tropical Storm Lee
- Midwest Flooding
- Hurricane Isaac
- 2010 TN Flooding
- Hurricane Sandy
- 2011 Spring Tornados
- 2013 Colorado Flood
(2) Average for non-catastrophic event funding based on historical averages (non-Base and Base excluding DRS).
(3) Estimates based on March 2015 FEMA Spend Plans.

The estimated end-of-fiscal year balance includes projections for on-going major events, a trending ten-year average for non-catastrophic events (per BCA calculation), anticipated base expenses, and projected DRF recoveries. These estimates are subject to change, e.g., changes in appropriation levels, transfers, accelerated funding of current disasters, or a new catastrophic disaster; changes that could substantially reduce or deplete the projected year-end balance and impact FEMA's ability to respond timely and effectively to disasters and the needs of survivors. As an example of how quickly DRF funds can be depleted, FEMA obligated $\$ 2.3 B$ in the first 30 days of the Sandy response and almost $\$ 3 B$ in the first 60 days. These no-year funds can only be used for disaster purposes and should be readily available without delay regardless of when during the fiscal year.

| FY 2015 Estimated Total Obligations (\$ in millions) |  |  |  |  |  | Changes from Baseline | Month to Month Change |
