**SUBJECT:** 

Quarterly High-Dollar Overpayments Report

April to June 2019

Attached is the Department's Quarterly High-Dollar Overpayments report, as required by Section 3(f) of Executive Order 13520, *Reducing Improper Payments*. During the reporting period, there was one High-Dollar Overpayments identified for the DHS programs identified as highly susceptible to improper payments, and thus applicable to high dollar overpayment reporting. This report contains information on the newly identified high-dollar overpayment as well as those high-dollar overpayments reported in the previous report that remain uncollected as of this reporting period.

The Department is committed to eliminating payment error in federal programs and increasing transparency. As responsible stewards of taxpayer dollars, reducing improper payments remains a top priority. We continue to monitor programs and strengthen controls to reduce the instances of improper payments, take steps to mitigate systemic weaknesses, and address specific root causes.

Transaction was improper due to nonsubmission of supporting documentation. The incentive fee for the time period of June 23, 2014 - June 27, 2014, for the vendor was 6% when it should have only received 3%. The contract, under SSPA-3 it states that they must have an error rate of less than 10% to get the 6% incentive payment and therefore would only qualify for a 3% incentive. The error rate for this period was 11%. Thus the total incentive should have been \$54,384.59 not \$108,769.17. The Bill for Collection was sent on March 8, 2018 to FEMA Finance Center by the Contracting Officer. The AON Contractor has put in Appeal and the Notice of Debt Letter. The Contracting Officer and the COR remaing engaged regarding the issue. | November 25, 2014   | December 31, 2016                                   | \$108,769.17   | \$54,384.59       | \$54,384.58        | \$0.00              | \$54,384.58         | 911                              |

<sup>1)</sup> For multiple payments consolidated into one identified quarterly high dollar overpayment to the individual or entity, all payment dates are noted. Payment date set as the PARS Transaction Date for Homeland Security Grant Program (HSGP) payments and as the SMARTLINK Payment Drawdown date for Public Assistance.

<sup>2)</sup> As part of the IPIA review, DHS Components review prior fiscal year disbursements for the identified programs. As such, the FY2018 IPIA review examined FY2017 disbursements. For high dollar overpyaments identified through the FY 2018 IPIA review, the reported "date identified" reflects the date upon which FEMA's improper payment testing results under the annual IPIA requirement were verified through the DHS HQ quality review process and extrapolated out as final testing results. Note that updates to testing results were taken by FEMA up until this point in order to allow FEMA programs the most extensive time to gather any outstanding documentation and to ensure the most accurate IPIA testing results.

<sup>3)</sup> Days outstanding calculated as the days between when the payment was identified and the current quarter end date.
