2020-HQFO-01905	Washington, John	<p>News of alleged coerced or unnecessary hysterectomies, in the broader context of possible medical neglect or abuse in the LaSalle-run Irwin County Detention Center, recently shook the nation. Dozens of follow-up articles and investigations have been published since we first published our initial story in The Intercept (“A Silent Pandemic”: Nurse at ICE Facility Blows the Whistle on Coronavirus Dangers,” published on September 14, 2020) which detailed a complaint from a whistleblower nurse at Irwin. The story has prompted calls from Congress and DHS’s Office of Inspector General to investigate. The doctor, Mahendra Amin, who was alleged to have performed the operations has had his license temporarily suspended. In light of the serious concern about abuses and the potential ongoing dangers detainees face in Irwin and other detention centers—especially during the Covid-19 pandemic—we are requesting records to further elucidate DHS’s response to the allegations. We are searching for any emails, memos, text-messages or correspondence from Acting Secretary of the Department of Homeland Security Chad Wolf; Deputy Secretary of DHS Ken Cuccinelli, Senior Official and acting Director of ICE, Tony H. Pham; or Associate Director of Office of Professional Responsibility Waldemar Rodriguez; discussing or mentioning the allegations or investigations into the case. We are specifically searching for any of the above correspondence (emails, memos, text-messages) from the above-named officials which use the word “hysterectomies” or “hysterectomy” or “Irwin” or “LaSalle” or “Dr. Mahendra Amin” in the date range from January 1, 2020 continuing through the date on which the agency tasks a search for responsive records. We request that all records be handed over electronically via email in searchable PDF format. (Date Range for Record Search: From 01/01/2020 To 09/29/2020)</p>	9/29/2020

President Trump’s tweet at 10:43 AM on August 6, 2018, that reads, “Governor Jerry Brown must allow the Free Flow of the vast amounts of water coming from the North and foolishly being diverted into the Pacific Ocean.
