SUBJECT: Federal Acquisition Regulation (FAR) Class Deviation (Number 20-06) – Eliminate hard copy original documents, signatures, notarization, seals on bonds and other seals for certain contract requirements (FAR 28, 32.8, and 42)

**Purpose:** This class deviation is issued in accordance with Federal Acquisition Regulation (FAR) 1.404 to implement CAAC letter 2020-04 allowing agencies to authorize a class deviation in response to the Coronavirus 2019 (COVID-19) national emergency.

**Effective Date:** Immediately.

**Background:** On May 1, 2019, CAAC Letter 2020-04, Class Deviation from the FAR eliminating hard copy original documents, signatures, notarization, seals on bonds and other seals for certain contract requirements was issued and serves as consultation to agencies in accordance with FAR 1.404. CAAC Letter 2020-04 authorizes the Department of Homeland Security (DHS) to issue this class deviation.

This class deviation is issued to allow greater flexibility by eliminating the requirement for hard copy original documents, original signatures, notarization, seals on bonds and other seals that may create a challenge for the acquisition workforce to obtain as a result of the current COVID-19 pandemic. Social distancing policies and shelter-in-place orders to prevent the spread of COVID-19 have forced public and private sector employees to work from home which makes it difficult for notaries to be present to witness oaths and affirmations as well as physically affix their signature and notary stamp on documents. Equally difficult is for vendors and sureties to produce manual signatures and provide their seals on bonds.

In addition, the importance of original and notarized documents has dwindled in this electronic age. Currently, FAR 2.101 defines “signature” or “signed” to include electronic signatures, and FAR 4.502(d) expressly authorizes agencies to “accept electronic signatures and records in connection with government contracts.”

Contracting officers shall use the following changes in accordance with this class deviation:

- When obtaining financial protection against losses under contracts per FAR 28:
  - 28.101-3(c) allowing the use of electronic means is moved to an added section at 28.002 to apply the same flexibilities to all of part 28;
  - 28.106-1 adding an exception to stamping a corporate seal on bonds;
  - 28.106-8 allowing a signed statement by the contractor that the payment is due

- and owed;
  - 28.203(b) not requiring the Standard Form 28 to be sworn and notarized;
  - 28.203-5 allowing a written authorization of the release signed by the surety saying that it approves of such release;
  - 52.228-11, Pledges of Assets (Aug 2018)(DEVIATION MAY 2020), not requiring the Standard Form 28 to be sworn and notarized, in place of 52.228-11, Pledges of Assets (Aug 2018);
  - 52.228-15, Performance and Payment Bonds—Construction(OCT 2010)(DEVIATION MAY 2020), not requiring the seal when executing the standard forms required by the clause; and
  - 52.228-16, Performance and Payment Bonds—Other than Construction (NOV 2006)(DEVIATION MAY 2020), not requiring the seal when executing the standard forms required by the clause.
- When processing assignment of claims per FAR subpart 32.8:
    - 32.802(e) allowing the use of a copy of the assignment instrument; and
    - 32.805(a), (b), (c), and (e) allowing the use of electronically signed documents and a copy of the assignment instrument.
  - When executing novation agreements and change-of-name agreements per FAR 42:
    - 42.1204(f) allowing the use of a copy of the documents;
    - 42.1204(i) not requiring a seal on the Novation Agreement; and
    - 42.1205(b) not requiring a seal on the Change-of-Name Agreement.

**Requirement:** DHS contracting officers shall insert the clauses as advised in Attachment 1 in all solicitations and contracts that are issued and awarded on or after the issuance date of this class deviation when contracting officers are obtaining financial protection against losses under contracts per FAR 28, when processing assignment of claims per FAR subpart 32.8, or executing novation agreements and change-of-name agreements per FAR 42. Solicitations issued on or after the issuance date of this class deviation shall be amended to include the modified clauses in the situations mentioned above.

The following are the modified clauses that can be found in Attachment 1:

- 52.228-11, Pledges of Assets (Aug 2018)(DEVIATION MAY 2020);
- 52.228-15, Performance and Payment Bonds—Construction(OCT 2010)(DEVIATION MAY 2020); and
- 52.228-16, Performance and Payment Bonds—Other than Construction (NOV 2006)(DEVIATION MAY 2020).

**Applicability:** This class deviation is applicable to: (1) all solicitations and contracts, as defined in FAR 2.101, that are issued and awarded on or after the issuance date of this class deviation when contracting officers are obtaining financial protection against losses under contracts per FAR 28, when processing assignment of claims per FAR subpart 32.8, or executing novation agreements and change-of-name agreements per FAR 42; and (2) solicitations issued on or after the issuance date of this class deviation shall be amended to include the modified clauses in the situations mentioned above.

**Expiration Date:** DHS will consider whether to cancel the deviation after the COVID-19 emergency passes.

**Additional Information:** In order to provide access to clauses in Component Contract Writing Systems (CWS), Component Acquisition Policy Chiefs should coordinate with the appropriate Component CWS personnel to determine if the addition of the updated clauses to their CWS is possible.
