(CASE #:D11012550 , CODE #:1420 , BLDG #:CA60572X)

SEE ATTACHMENT:

ORIGIN:

On Saturday, October 15, 2011 at approximately 1200 hours, I, Inspector (b)(6),(b7)(c) along with Inspector (b)(6),(b7)(c) were out at 1401 University Dr. on a report of a demonstration taking place near federal facilities.

INVESTIGATION:

Inspector (b)(6),(b7)(c) and I arrived on scene and noticed that there was 75 people on site for the cause of "Occupy Riverside". This demonstration is in conjunction with other demonstrations happening around the country as part of the "Occupy Wall Street". Inspector (b)(6),(b7)(c) and I conducted foot patrols of all of the federal facilities in the surrounding area to make sure that they were secure and not being damaged. The demonstrators were all acting in a peaceful manner and conducted small walks around the immediate area to muster up support for their cause. Associated Press was on scene to take pictures and to get some interviews of the public.

Riverside Police Department was on scene to talk to the organizers and they reported to us that they were going to take hands off approach until the demonstrators acted in a way that violated local laws. They were not dispatched out at any point during the demonstration.

At 1500 the numbers were approximately 200, and growing slowly as time moved forward. Upon clearing the scene the numbers were approximately 275 and slowly declining.

DISPOSITION : The demonstration was peaceful and organized with no police being dispatched and no injuries reported. Case Closed.

Ok, thank you. Also,

Are any federal employees going to be working in the wells fargo building tomorrow?

Also, is there an estimated number of protesters?

Are the locals going to be involved, if so, what's their contingency plan?

This information should be sufficient to go to Region for OT. Let me know and I'll get back to you asap.

In response to your questions:

1. Exact Times of the rally? *"Riverside occupation protest which will begin Saturday October 15th at noon."*
2. Any Permits? *Unknown.*
3. Will they be ON federal property or only adjacent to? *Adjacent to the property at the Mall, and we have tenants in the Wells Fargo bank Building. This bank is 1 block north of the federal courts.*
4. Planned Civil Disobedience? – *"Is possible members of this group will stage acts of civil disobedience at banks and financial institutions and have their protest spill onto the street; Just as we have seen in New York and Los Angeles."*
5. How many Officers will you need, who is willing to work (feel free to reach out to the Metro and West La Units), what will be their schedule? *Are there any Officers/Inspectors on duty? If not Santa Ana Field Office employees are willing to work (Insp's (b)(6),(b7)(c) I will leave the scheduling of these employees up to your discretion.*

Please advise,

(b)(6),(b7)(c)

Just received this inquiry from the Supervisory Deputy Marshal at the Riverside Courts. It appears there is a planned march "Occupy Riverside" that will kick off tomorrow (10/15) at noon. I understand this group has been in New York and LA for some time now.

Just to make you aware we have a number of Federal facilities located downtown Riverside to include a facility on the Main St. Mall. Also we have the Riverside District and Bankruptcy Courts that are located downtown not too far from the financial institutions mentioned below.

[redacted] (b)(7)e, (b)(7)f I have contacted SA [redacted] (b)(6),(b7)(c) who is attempting to gather intel on this event.

Are there any FPS units on duty this weekend that can provide a response or presence at the Riverside facilities?

As you may be aware, the Occupy Oakland protestors have planned a:

Mass Day of Action
Wednesday, November 2, 2011
9:00 AM, 12:00PM and 5:00PM
7:00 Port Of Oakland
14th & Broadway in Oakland CA.

As the Designated Official, I am responsible for emergency and incident management relating to the safety and security of employees. At the tenant meeting today we discussed the potential impact that Occupy Oakland might have on our federal facilities and I wanted to capture some of the pertinent information discussed at the meeting. This effort has gained momentum and because of its proximity to the federal buildings could have an impact on employee safety. We have seen BART shut down stations that are used by our employees on a moment's notice. While we have no specific indication of planned violence, in the past anarchists have caused significant property damage. As I stated at the meeting, decisions regarding the status of the Ron Dellums Oakland Federal Building will be released by my office around noon, Tuesday, November 1, 2011.

In order to ensure that your agency responds to any situation that may arise as a result of the protests, the following information is provided:

You should monitor the situation through local media, i.e., TV, radio. You can access additional information at <http://occupyoakland.org/>.

To find out if the office is closed or otherwise affected due to an emergency, call the:

GSA Hotline (510) 637-1301, FEB (510) 637-1105, FPS (877) 437-7411

Please refer to your agency Occupant Emergency Plans (OEP) for additional contact information and guidance.

should you need to leave the building or should an evacuation occur, ensure that you bring any personal belongings, i.e., medication, purses, keys, work identification for building access .

Update your emergency contact information with your manager.

Floor wardens are emergency response personnel and may be required to assist in the event of an emergency. They should ensure that communication tools are operational and make sure escorts and alternates are assigned and available to assist any disabled employees should the need arise.

At any time, we may find it necessary to shelter in place. Consequently, I have attached a Shelter in Place (SIP) power point. SIP is a short-term safety measure ordered as a result of situations such as civil disturbances or criminal activity outside the building.

If a SIP is ordered, you should remain at your workstation and wait for further instructions which could include relocating to an interior room away from windows, shutting and securing all windows and doors, and turning on a radio and listening for further instructions. DO NOT EVACUATE THE BUILDING. Ensure that you have emergency supplies and the necessary personal items, i.e., medication, food, water.

It is important that we all remain calm, follow instructions and communicate with managers and cooperate with emergency response personnel.

You should consider alternate means of transportation as public transportation and surface routes may be impacted.

Subject: Occupy Oakland Protests - Nov. 2, 2011

As you may be aware, the Occupy Oakland protestors reportedly are planning:

- Mass Day of Action
- wednesday, November 2, 2011
- 9:00 AM, 12:00AM and 5:00PM
- 7:00 Port Oakland
- 14th & Broadway in Oakland CA.

As the Senior Commissioner's Representative, I am responsible for emergency and incident management relating to the safety and security of employees. I conducted a tenant meeting today to discuss the potential impact that Occupy Oakland might have on our federal facilities. As stated at the meeting, my decision regarding the status of the Ron Dellums Oakland Federal Building will be released around noon, Tuesday, November 1, 2011.

In order to ensure that our agency responds to any situation that may arise as a result of the protests, the following information is provided for Oakland and San Francisco IRS employees and employees outside of the Bay area that commute into Oakland 12th Street Civic Center station:

In light of our past experiences, managers should consider allowing flexi place and liberal leave

You should monitor the situation through local media, i.e., TV, radio. You can access additional information at <http://occupyoakland.org/>.

To find out if the office is closed or otherwise affected due to an emergency, call the 24/7 Emergency Hotline: (866) 743-5748, select option 3 and follow the prompts.

Should you need to leave the building or should an evacuation occur, ensure that you bring any personal belongings, i.e., medication, purses, keys, work identification used for building access..

Update your emergency contact information with your manager.

Floor wardens are emergency response personnel and may be required to assist in the event of an emergency. They should ensure that communication tools are operational and make sure escorts and alternates are assigned and available to assist any disabled employees should the need arise.

Attached are the Occupant Emergency Plans (OEP's) for the Oakland and San Francisco offices which provide critical contact numbers, procedures and actions to be taken during an emergency.

At any time, we may find it necessary to shelter in place. Consequently, I have attached a Shelter in Place (SIP) power point. SIP is a short-term safety measure ordered as a result of situations such as civil disturbances or criminal activity outside the building.

We expect that communication regarding this event will be provided to Oakland and San Francisco employees by email. If the need arises, we will use other methods to communicate emergency instructions.

Liberate Oakland, Shut Down the 1%
GENERAL STRIKE & MASS DAY OF ACTION
Wednesday November 2, 2011

Below is the proposal passed by the Occupy Oakland General Assembly on Wednesday October 26, 2011 in reclaimed Oscar Grant Plaza. 1607 people voted. 1484 voted in favor of the resolution, 77 abstained and 46 voted against it, passing the proposal at 96.9%. The General Assembly operates on a modified consensus process that passes proposals with 90% in favor and with abstaining votes removed from the final count.

PROPOSAL:

We as fellow occupiers of Oscar Grant Plaza propose that on Wednesday November 2, 2011, we liberate Oakland and shut down the 1%.

We propose a city wide general strike and we propose we invite all students to walk out of school. Instead of workers going to work and students going to school, the people will converge on downtown Oakland to shut down the city.

All banks and corporations should close down for the day or we will march on them.

While we are calling for a general strike, we are also calling for much more. People who organize out of their neighborhoods, schools, community organizations, affinity groups, workplaces and families are encouraged to self organize in a way that allows them to participate in shutting down the city in whatever manner they are comfortable with and capable of.

The whole world is watching Oakland. Let's show them what is possible.

Subject: Occupy Oakland/SF Protests

Hello et al,

I want to take this opportunity to brief you on the impact that Occupy Oakland and San Francisco (SF) protests may have on our federal facilities. The encampments at the Frank Ogawa Plaza are within 5 minutes walking distance of the Ron Dellums Oakland Federal Building. Based on the link below and the news media there is a protest scheduled for November 2, 2011 with the intent of shutting down businesses in the surrounding Oakland areas. The protestors encampment was shut down on Tuesday, October 25, and as a result protestors have increased significantly in number. Subsequently, there was the threat of SF Police shutting down the encampment in San Francisco but it was postponed due to SF City officials meeting with protestors. However, the possibility still exists that SFPD might proceed with shutting down that encampment.

<http://www.occupyoakland.org/>

(b)(6),(b7)(c)

My primary concern is employee safety. When we have situations of this kind, BART shuts down and will bypass stations that are impacted. The Oakland BART station is a primary hub and the 450 Golden Gate and 100 1st Street SF offices are located near major BART stations. Secondly, during the early evening hours anarchists arrive to the area(s) and significant damage is usually done to surrounding businesses as well as creating an unsafe environment.

Things to consider:

- Classes in the Oakland training center during the week of October 31
Revenue Agent Training week of 10/31
- Flexi place and liberal leave
- Call site with TOD's ending at 6:30PM
- BART closures creating commute challenges www.bart.org <<http://www.bart.org>>
- Traffic delays and streets blocked off in the immediate area
- Some San Jose employees commute on the BART line through Oakland
- No indication at this time as to the impact to San Francisco POD's

I have coordinated a tenant meeting in Oakland on:

Monday, October 31, 2011 at 10:00 AM
Conference Room H

General Services Administration (GSA), Federal Protective Services (FPS) and I will be responding to agency/tenant concerns and working on a communication strategy that will allow us to either release employees or conduct a shelter in place. I am waiting to hear back from the Designated Official for the San Francisco offices. I will email you as to the status and any plans that we make at the meeting.

Due to today's removal of the "Occupy Oakland" group from Frank Ogawa Plaza (Oakland City Hall), there is a strong possibility of protest activity in the downtown Oakland area tonight to disrupt the evening commute, starting about 4:00 pm. The rotunda doors are closed as a precaution and entrance is made available through the side doors on either side of the rotunda. BART City Center exit is now open. The streets are now mostly open with the exception of 14th street between Clay and Broadway. We have been advised that there is a possibility of a protest this afternoon, however; nothing concrete as yet. I have been including (b)(6),(b7)(c) in informational emails for every event we are aware of that we assess may affect one of our facilities. The exception was for a time when they didn't let us know her email address has changed. She is now back on it.

We passed no information on these Occupy SF events since they have not and we have not heard any information that they will affect federal facilities under our jurisdiction. I cannot guarantee that we will always have something to say to the FEB for each of the event that occurs in SF. That is just not possible. When we know something I pass it on and the possible effects it may have to the FEB. As I cannot send raw information to the FEB, I write two emails one internal to FPS and one to the FEB, property managers, USMS, Courts, and certain agency heads or reps.

The protest at the FRB has had no effect on the commute. It is localized to the FRB. This information has just been confirmed with SFPD.

There are participants of the protest that took part in ours at 90 7th this afternoon, maybe about two dozen.

They are now marching to the FRB along Market. They announced they will be back here tomorrow for the die-in. I have every uniform in Oakland, SF and SJ working tomorrow's protest. I anticipate it being larger than today's and will probably draw from the Occupy SF group. Barriers are in

Hi (b)(6), (b)(7)c

Do you know anything about this "Occupy Portland"? The gathering spot is only a few blocks from us and the march to the courthouse could take them right by our building. This could be a concern to employees and might also disrupt transportation, especially since it is planned to begin at noon on Thursday.

Will there be stepped up security/police in the area?

This may be something we would want to warn folks about.

Special Agents (b)(6), (b)(7)c Inspectors (b)(6), (b)(7)c and I attempted to have the protestors remove the tents from Terry Shrunken Plaza. The protestors actually started removing their tents without us taking direct action. At approximately 3:00 pm two things happened at approximately the same time. Portland Police had a stabbing and a splinter protest which drew down their manpower they were going to support us with. This left only a handful of Portland Police Officers and our small crew. Next one of the people in the crowd turned out to be a counter protestor with a handgun and a concealed weapons permit. We detained the person until we determined that he wasn't wanted and had him remove the gun and himself off property. The person wasn't cited or arrested. This incited the crowd which quickly grew from approximately 20 protestors to 200 protestors. Portland Police and FPS stood down due to the excited state of the crowd.

Region 10 FPS will be sending three inspectors and one District Commander to Portland tomorrow to help with our response. Portland Police Commander (b)(6), (b)(7)c wants to coordinate with FPS an early morning removal (4:00 am) of the tents and protestors tomorrow morning. Michael Moore (Hollywood Film Director) is at Terry Shrunken Plaza right now and is getting the crowd excited and having them bring more tents onto Terry Shrunken. Multnomah County just arrested someone across the street from the crowd with another gun.

Sincerely

Commander (b)(6), (b)(7)c

They had a permit for a speaking engagement on federal property, not a camping permit on federal property. Not sure what they had or didn't have with the city, in their park. But, as expected, when the city started kicking them off city park property, they looked across the street at that nice fancy federal park and they were like rats off a sinking ship.....as soon as GSA saw our photos of them rolling into TS park, they reversed their "kinder, gentler" way of thinking and asked us to remove them..... So, within the last hour, we and the City of Portland have begun to remove them....at least that was the last word I had heard. We are sending three more troops down to help keep it cleared out over the next couple days. I've cc'd (b)(6), (b)(7)c our District Commander, he will be on scene tomorrow morning and can update/advise at that time.

I just spoke to the PAO for GSA in the Portland area. I have cc'd her on this email. She clarified one note that we need to change in the statement below. The permit that the protestors have is from the City of Portland and not GSA. There is a city park right next to the Federal area and the four tents spilled over from the city park. Two city parks have been made available by the city for all demonstrations and FPS is working with the City to enforce the decision to have all demonstrators stay off of Federal park property.

There has been a change in our posture concerning the Occupy Portland campers. Since a larger number of protestors have occupied the park, FPS and the Portland Police Bureau will enforce the prohibition against overnight camping/setting tents in Terry Schunk Park. The protestors will be encouraged permits for daytime use of the park. This effort is supported by GSA and the City of Portland. The City of Portland is making arrangements with protestors to use two city parks for their activities.

'Shoot a cop' flyer surfaces in Ariz.

A disturbing flyer found at 'Occupy Phoenix' says cop killers are the 'good guys'

By PoliceOne Staff

PHOENIX, Ariz. — A flyer surfaced at 'Occupy Phoenix' that encourages the shooting of police officers, asking "When should you shoot a cop?"

A sheriff's deputy found the disturbing flyer at the Cesar Chavez Plaza and reported it to the Arizona Counter Terrorism Information Center, according to [KPHO](#). Officials informed all local law enforcement agencies, who are investigating.

"Our investigation has begun, we're trying to determine who distributed those flyers. Who authored those," Bart Graves of the Arizona Department of Public Safety said.

Two 'Occupy' protesters claimed their group was not responsible, and they told TV reporters that the message doesn't help the movement's image.

Although officials say no credible threats against law enforcement have been uncovered, the flyer chillingly advocates for cop killers and elevates them to almost hero status, [Conservative Byte](#) reported.

"The next time you hear of a police officer being killed 'in the line of duty,' take a moment to consider the very real possibility that maybe in that case, the 'law enforcer' was the bad guy and the 'cop killer' was the good guy," the flyer reportedly read.

Thanks (b)(6) I just spoke to (b)(6) with PHC Landscaping and she is going to check on the trash. Her people have not been complaining about extra work, but the custodial crew may be addressing it.

I propose we wait on chalk removal until next week - after it rains this weekend.

I walked by the park around 5 PM yesterday and didn't see the tent, but there were about 10-15 people hanging around. .

I did not notice the chalk yesterday when I walked through. If we get some rain, mother nature might solve this problem for us. We are suppose to get some rain today and Sunday. If we still have a chalk problem next week, I'll talk to PHC about pressure washing.

I will also call PHC about trash removal. They are probably doing things already under the performance contract and might need to ask for reimbursement for some above standard services.

Hi (b)(6), (b)(7)c

It seemed like he use to - but we have some internal changes here too we need to address (b)(6) who is here at Gus) doesn't always send the notices to Gus tenants - it comes from (b)(6) in the Hatfield office (kind of confusing). From what I understand (b)(6) would forward notices to the property managers and they would send out accordingly. At Hatfield, often the Marshals would notify the PM's there. With (b)(6) gone, I don't know if they still do that either?

Personally (I think most would agree) I'd rather have more notice than not enough. Since it often has to do with crowds around our building I think it's a great idea to share with our tenants?

It turns out (b)(5) did send out a notice today but my name was misspelled so I didn't get it :-). I'm trying to encourage (b)(6) to change it so that (b)(6) will send out all Gus notices. We'll see what we can do!!!

Thanks!

The protestors are calling for a march throughout downtown at 1130 today (anticipate major traffic jams during lunch). PPB is really getting fed up and the downtown business owners are putting pressure on them to clear them out. A coalition of business owners announced yesterday they will be suing the Parks Dept for allowing the demonstration because shoplifting has skyrocketed. The guy brandishing the gun a few days ago was also no help. We may see some clashing today.

All,

I spoke to (b)(6) today about his e-mail and the permit. He is basically in the same situation as the others I have spoken to regarding this permit where they cannot sign or be responsible for the group.

I advised him that we don't want a canopy installed nor any alterations or improvements to the park. We need someone who can be responsible and accountable for any damages to sign the permit. If they don't have someone who can fill this role and sign as a executive group for the permit, I'm not sure what we can do. I understand that he was going o address this issue to their general assembly and determine what they want to do.

I also advised him that we plan to do some sidewalk repairs starting next Wed, and I also need to cut down some dead trees when we have access to some funds.

OK. I will advise them that we will not authorize the construction of a canopy. Nor are we interested in any improvements. I will also ask them what timeframes they expecting to request a permit for use. Anything else that I might be missing.

Under Title 41 101-20.407, no alterations to public areas are allowed without prior approval. Approval can't be given unless GSA determines that changes to GSA's space should be made to encourage and aid in the proposed use. Permittees making alterations must make provisions to ensure the safety of users and the prevention of damage to property.

So, you must make a determination that GSA wants a canopy placed in the plaza to encourage and aid those people there (which I don't know that you can do since the requester says anyone can use it). Then all the restrictions he would like placed upon his responsibility cannot be granted. He will be responsible for anyone's safety under or near the canopy and for any damage to our plaza from the canopy's use regardless of who causes the problem.

More importantly, Title 41 101-20.402 (c) requires that all permits involving demonstrations and activities which may lead to civil disturbances should be coordinated with the Chief, Law Enforcement Branch before approval. You should ask the law enforcement branch if they want a canopy placed there. They might have issues with a canopy restricting movement or vision or encouraging people to remain in the Plaza after hours. I think based on issues that have been going on with the "Occupy" movement in New York and Seattle, we can assert that it is a demonstration or activity that could lead to a civil disturbance.

I would start with Law Enforcement first. If they have no problems with us issuing a permit and allowing a canopy to be erected, then you can make your determination as to whether GSA wants to allow this change to encourage of aid in the use of the Plaza.

H (b)(6)

I'm the one who will be personally responsible and unconnected to any organization for this permit.

I just have a few clarifications and questions to try and get us on the same page. The point of this permit application are twofold:

- 1) To allow placement of a canopy for when it rains to protect people who use the park for free speech purposes.
- 2) To reserve specific times each day to enable open free speech which will be protected by said canopy. I am flexible and am open to working around other uses of the park including overlapped usage (if another applicant would like canopy protection, for example, I can help provide for such).

I do not plan on limiting myself any activity at the plaza that takes place as this permit shouldn't lead to a restriction of what takes place beyond what restrictions are already in place for unpermitted use.

There are existing activities going on at the premises not directly connected to my proposed activity. I propose merely placing a canopy above the theater area of the plaza for the public benefit of anybody who wishes to use during inclement weather. The activities I am not responsible for and already taking place are happening and will happen regardless of whether or not a canopy for protection from the weather will happen.

I am willing to assume liability for the proper assembling and taking down of mentioned canopy. I do not plan on incurring any additional security, utility, and trash-related expenses by ensuring that no trace of the temporary structure is left during the hours in which it is not permitted. I want to ensure that if any such expenses plan on being incurred by the management company and charged to my permit that I will abandon the permitted uses and discontinue the permit rather than incur such charges.

I primarily want to make it clear that my activity -- placing a canopy and taking it down at certain scheduled hours each day does not incur any incidental liability from actions that may take place by a neighboring encampment with which I am not personally connected and have not been involved with. Their organization has neither approved nor disapproved of any individual to represent them in matters related to the plaza. In discussion with the general public -- some camping and some not -- at the plaza, it has been noted that a canopy would provide a benefit that I am willing to help with. The proposal is to support such a protected canopy as long as the neighboring encampment or any other activity substantially increases traffic to the plaza that would benefit by such proactive protective measures.

As a permit-applicant for the use, I am willing to help with property management in supporting that uses of the plaza are kept in compliance

with whatever laws are in place relating to the plaza while the permit is in place for the hours in which it is permitted. But I can't reasonably take on liability for actions that may take place outside the scope of this permit as I have mentioned. I can only guide, not force.

I also want to ensure that while the time duration is open ended, I want to be clear that it is also mutually open-closable. If either the property manager or myself deem that it is not acceptable to continue the arrangement, I only ask that there be one hour's notice on either party to end the permitted use and cancel the permit. Notice by phone is preferable (b)(6)

If this arrangement sounds agreeable in spirit, I can fill out the paperwork as soon as possible. But I would like to nail down these clarifications before agreeing to the language presented on the application so that we both know what the expectations are on both our parts.

And lastly, there may be one exception to the above regarding utilities. There are automatic sprinkler systems on the grounds. I am willing to incur a reasonable expense to adjust the sprinkler timing to avoid coinciding with the most popular uses of the plaza (avoiding the time period between 7pm and 10pm) most days.

I would rather not sign the permit until I know all of the conditions. Is signing the permit a requirement for discussing understandings and conditions as you imply below?

I think we need to discourage overnight camping or the appearance of overnight camping, so my recommendation is that we require them to remove it when they are not using it or when the park is closed at 10 PM everynight.

However, I'd like to get the input of GSA management, FPS, and legal on this e-mail.

As discussed with (b)(6) and (b)(6), (b)(7)c will stress that the permit would only be for use between 7 AM and 10 PM at night and I will only grant 30 days at a time.

I will also put in some caveats on the form stressing no overnight camping, to stay out and protect the landscaping, and advise them that we have some work planned to repair the sidewalks and some tree removals.

Correct. No one has submitted a permit. My impression is the group decides things through their general assembly, but there is not an executive group that can sign and be accountable for the actions of the group.

Just a heads-up that we're hearing the protestors in Portland that are acting in sympathy with the "Occupy Wall Street" group are contemplating "occupying" Terry Shrunken Park (see first email in chain below) which is federal property. While this hasn't been confirmed yet, it certainly seems fairly likely that it could occur. It is my understanding that during the onset of the Iraq war protestors wanted to camp in the park but were denied that opportunity which led to the city of Portland allowing them to camp on the sidewalk for an extended period of time.

It doesn't seem likely this group would approach GSA for a permit and absent being issued that permit, we wouldn't allow them to "occupy" the park. Please let me know if my thinking is off base or if you have any other thoughts on this potential issue.

Here is a quick run down on what I know about tomorrow.

- Yesterday the group told the media that they were not going to announce their march route or location

11/23/2011

they plan to "occupy" downtown until the last moment. They stated this is to keep LE from dissuading them before they settle in.

- The Twitter is very active for this group with almost 4000.
- Two Facebook pages are dedicated to this event and are also seeing heavy use.
- Two credible sources have informed me that Terry Shrunken park is the likely location for the "occupation".
- PPB will be bringing in additional LE from Salem and Vancouver to assist with the estimated 3-4k demonstrators.
- 300+ turned out for last week's planning session. This is triple the turnout of similar events for a planning counsel, which may be an indication of the event's turnout.
- Event organizers have been heard discussing the coming wet weather and their aversion to mud. They have suggested gathering areas with hard surfaces that drain. In Portland that is a short list and Pioneer Courthouse Square and Terry Shrunken Park are at the top.
- The weather is forecasted to be partly sunny and won't likely wash away any tents for a few days.

Based on the above bullets, I think it is likely this event will affect federal property. We have a good relationship with the new PPB events Sgt. If you decide to staff up any folks down here, I will get you in touch with him to plan.

From looking at the link with the map, it doesn't look like they plan to go near Terry Schrunk Park. I didn't go through all the commentary, but are they thinking of changing their route?

This group has not requested nor applied for a march permit. Their Facebook page has almost 1,000 "likes" meaning people are following. From what I see, the route would start from the Saturday Market location, use Naito to Ash, cross MAX lines, north on 2nd Ave, west on Burnside, cross MAX at 5th and 6th, turn south on Broadway, walk through Pioneer Courthouse Square, exit at 6th and Yamhill, south on 6th to Taylor, cross MAX at 6th and 5th, then east back to Waterfront Park. I'll attach a link to their map.

They plan the march to begin at noon and they have plans to occupy the park for an unknown period of time.

I don't know what part of the right of way they are intending to use. Obviously, sidewalks aren't a significant issue, but use of the street is a challenge.

Considering that additional personnel have moved from the main "Occupy Portland" group onto federal property and set up tents, FPS will be working with the Portland Police Bureau to enforce the prohibition against overnight camping/setting up tents in Terry Schrunken Park. The protesters will be encouraged to seek a permit from GSA for daytime use of the park for their activities if they desire, but they will be informed that camping is not allowed. This effort is supported by GSA and the city and consistent with the City of Portland making arrangements with the protesters to use two city parks for their activities and not other parks within the city.

Also, you may receive a call from [Redacted] (b)(6) here in Region 10 who's fielded a few calls from media in the Portland area. Please let me know if you have any questions.

Could you run this down for me? The following is a media request from your area concerning Occupy

Portland:

Good morning,

About four large tents have been set up in Terry Schunk Plaza, a federal park in downtown Portland. These campers are associated with Occupy Portland. They said they are going to pursue a permit this morning.

I'm assuming the federal protective service is responsible for policing this park. Will this encampment be permitted? Will the campers be allowed to remain and if so, for how long? What if the encampment grows?

I'd appreciate a phone call as soon as possible this morning.

Thank you,

Updated event in Portland, Oregon Terry Schrunk Plaza, Government owned property under FPS protection.

There are currently 1500 or so souls living in tents in Chapman and Longsdale parks across the street from Terry Schrunk. Portland Police Bureau removed people from Jamison Park in the Pearl district because it's a residential area. Following the removal from Jamison Park, five tents were erected in Terry Schrunk Plaza and FPS is expecting the park to fill if they are not removed soon. GSA has not requested the removal of these tents as of the time of this report.

SEATTLE -- Protesters will again fill downtown Seattle Friday as two groups are expected to converge at Westlake Park this afternoon. One is Occupy Seattle -- the anti-corporate corruption protest movement that has been a presence at Westlake Park since last weekend -- while the other is a planned march against the war in Afghanistan.

The second group, called Act Now to Stop War and End Racism (ANSWER) is leading a march through downtown Seattle. They'll meet at Seattle Central Community College between 4:30 p.m.-5:30 p.m., march down Pine Street and 4th Avenue and end up at Westlake Park.

They said their march, timed to mark the 10th anniversary of the U.S. war in Afghanistan, is part of a national movement across the country with the goal of convincing the federal government to withdraw from what is now the longest running war in the nation's history.

A few dozen Occupy Seattle protestors camped out overnight Thursday in Westlake Park. The group appeared more organized. A concession stand has been set up, and the protests have been divided into shifts. One protestor said participants held a general assembly Thursday night to discuss Friday's events.

"If people can come out here and stand up for what's right, what they believe in, and something with a solution, then I think it's all one protest and not two separate," said Monte Smith, protestor.

Seattle Mayor Mike McGinn said the city is providing a protest permit for Occupy Seattle and would allow protesters to camp overnight at City Hall Plaza, which has restrooms. Organized labor is now urging members to rally in Westlake Park on Friday and Saturday in support of Occupy Seattle.

Occupy Seattle is part of a larger protest movement anchored in the Occupy Wall Street campaign. On Thursday, as many as ten thousand protesters turned out in the streets of Portland in support of the movement.

KING 5's Jake Whittenberg contributed to this report.

'Occupy Seattle' ordered to remove tents from Westlake Park or be arrested

The "Occupy Seattle" protest group was told by Seattle police on Tuesday that it must move its tents from Westlake Park by the end of the day or be arrested.

By [Jeff Hodson](#)

 Protestors sing at an "Occupy Seattle" protest at Westlake Park in Seattle Tuesday. Following in the footsteps of "Occupy Wall Street," the protestors at the Seattle event had a distinct anti-corporate message.

 The "Occupy Seattle" protest group was told by Seattle police on Tuesday that it must move its tents from Westlake Park by the end of the day or be arrested.

"The issue is the tents," Seattle Police Chief John Diaz told KING-TV. "This is a city that appreciates that people want to protest. The issue is that other people need to have the right to use the park also."

But by midnight, no police were to be seen and close to 100 protesters were still occupying the park.

Liam Wright, 24, of Seattle, said protesters received word about 10 p.m. there might be arrests.

"So we called people to defend the occupation," he said, "but the cops never showed up."

The protest began Saturday, and each night the number of people sleeping in tents has grown, Wright said. Other protesters head home at the end of the night.

"We decided that we are not going anywhere," Wright said at midnight. "We plan to keep this going indefinitely."

He said other protests had been broken up in the predawn hours.

A post on the protest group's website, occupyseattle.org, said the group had about 30 tents and 125 people at Westlake Park early Tuesday.

"We need people to come and occupy with us more than anything!" the post said. "Come whenever you can for as long as you can. ..."

Around midnight Tuesday, protesters were standing around talking in the rain. Some were playing music and singing. Some were holding signs such as: "Stand up against Corp. greed" and "We are the 99 percent. Corporations are not people."

Another sign said: "Honk for freedom," and vehicles passing by honked in acknowledgment of the protesters.

The protesters, who have been at Westlake Park since the weekend, are an offshoot of the "Occupy Wall Street" demonstrations.

"Occupy Wall Street is [a] leaderless resistance movement with people of many colors, genders and political persuasions," the Seattle protest website says. "The one thing we all have in common is that We Are The 99% that will no longer tolerate the greed and corruption of the 1%."

Noelle Stoffl, 25, of Seattle, had been at the park since 6 p.m. Monday. She had a sign on her back saying "info" but said she wasn't a spokesperson because the group was leaderless.

The group has permission from the "parks service" to be at Westlake, she said.

A list of 30 people had volunteered to resist, and in the event police come to break up the camp, they will put themselves between the tents and the police, Stoffl said.

Other people, like herself, she said, are not willing to be arrested.

Seattle Mayor Mike McGinn issued a statement Tuesday night, in which he offered support for the protesters' cause, but concluded saying the demonstrators would be asked to remove their tents.

"I support the efforts of the protesters at Westlake Park to address this country's economic situation," the mayor's statement began. He then referenced his budget speech last week, quoting himself:

"We are facing unprecedented inequality in this country. It is always true that bad times are harder on the poor. But we have not seen income inequality this great since 1928, the year before the Great Depression started. The top 1 percent control 34 percent of the nation's wealth. The top 10 percent control two-thirds of the nation's wealth. It is an unprecedented grab by the most powerful to get a bigger piece of a shrinking pie."

The mayor's statement goes on to say that a number of other events and protest groups have permits to use the park in the coming days, and the presence of the tents "has the effect of displacing others who have a right to be here."

Stoffl said one of the groups the mayor cited had been in touch with protesters and was "in solidarity" with them.

"The middle class is disappearing," Stoffl said. "More and more, it seems that corporate interests take precedence over human interests."

Wright said the protest has a global context, citing recent demonstrations in Cairo, Madrid and Greece. "For every person," he said, "there is a different idea why they're here."

That's both a strength and a weakness of the protest, he said.

For Wright, his motivation is "a sense of the total unaccountability and unrepresentation" of government.

FYI -

I spoke with (b)(6) Communications Director, and (b)(6) Chief of Staff, in the mayors office and let them know that:

- we support the city's policy of only allowing encampments in the two designated parks (Lownsdale and Chapman squares)
- that the FPS will be in touch with local authorities to work together to ensure the city's policy of not allowing encampments at any other city park including Terry Shrunken Plaza

Below is a statement from the major released last week. Their position has not changed.

The city is being very careful to distinguish between protesting and encampments. They are allowing protesters in all parks as long as they follow the laws but encampments are only allowed in the two designated area.

Statement from Mayor Sam Adams regarding Occupy Portland

From the start of the Occupy Portland protest, I have made one thing very clear: We must protect people's right to peacefully protest, while also keeping the city moving and working.

With this balance in mind, I have also made it clear that while the City is not at this time enforcing certain rules at Lownsdale and Chapman squares, all parks rules are in effect at all other city parks.

We will not allow Occupy Portland to set up an alternative encampment at any other city park.

Portland Police Officers have been reminding Occupy Portland participants of this throughout the week, and will continue to use their discretion in enforcing parks rules throughout the city.

We will continue to monitor the Occupy Portland protest, and make practical, day-to-day decisions like these as warranted. I want to thank the participants for their ongoing cooperation with City officials and staff, as we strive to balance their right to protest with keeping the city working.

FYI (b)(6) after our call last week, the Occupy Portland protest set up in the City's Riverside Park. Over the past week the participation has increased to the point where organizers asked if they could use our Terry Shrunken Park for their overflow. In initial discussion, they agreed to seek a permit and to now occupy the park at night. We were hoping for the best.

But not surprisingly, the organizers have reversed their position and now tell us that they will not seek a permit.

I still believe that we (GSA and FPS) should wait and see what happens, and NOT act to remove anyone who is not breaking a law (other than trespass). We should closely monitor the situation and see where this goes over the next 24 to 48 hours.

Please let us know if you see it otherwise or need any information.

Like most everyone else in the country we're experiencing some protest activity in sympathy with the "Occupy Wall Street" group. In Seattle, the protest group is targeting city property and leaving us alone so it's been an SPD problem so far. Portland seems to be a different situation with the group there looking like they may be headed to Terry Shrunken Park in the city center area around our facilities and the park itself is unfortunately GSA property. The group hasn't moved to "occupy" the park yet, but they are talking about it.

Please let me know if you have any questions.

(b)(6), (b)(7)c and all,

(b)(6), (b)(7)c and I just spoke with PBS Commissioner Peck, and we all were in agreement that should a protest materialize on GSA owned property in Portland (presumably Terry Shrunken Park), that while we would prefer a permit being issued, we would not seek the removal of anyone who was demonstrating peacefully. We went on to agree that if there was any violence, destruction of government property, or illegal activity (other than trespassing) appropriate action would be necessary. We concluded that if a protest spilled outside of the park, say in and blocking of the streets, it then be up to the Portland PD as to how to deal with that.

Does that make sense to everyone? Questions? Comments?

There were apparently a few that filtered into our park last night, but they trickled out and we had no campers. There has been no significant impact to any of our properties so far although the group hasn't been cooperative with the city's effort to get ready for the marathon taking place this weekend. So far so good for us.

Subject: Occupy Eugene Protest

Gents, there is some unsubstantiated information that an "Occupy Eugene" protest may target the Eugene Federal Building (EFB) Saturday, October 15th. This is not yet a certainty, but a definite maybe.

In looking at other recent protests of the same type, U.S. properties were not a focal point. However, given the EFB's location and history as a community gathering point for such things, the possibility exists.

These protests have often lasted several days with folks camping out (b)(5)
(b)(5)

There is no permit application on file for this demonstration. However, the next day, Sunday October 16th, a completely separate group does have a permit, which could also be an issue if everyone does not get along.

Let me know if we can meet and discuss this issue. Thanks. (b)(6), (b)(7)c

Good Morning Team,

Here is the latest on Terry Shrunk Plaza and Occupy Portland

1. At the direction of the Mayor, Portland Police Bureau (PPB) contacted GSA and FPS about removing the few protesters from Terry Shrunk Plaza.
2. Over the weekend, the City of Portland has been cracking down on protesters occupying other city parks other than the two parks the City designated for the peaceful occupy protest.
3. Commander (b)(6), (b)(7)c of PPB indicated that the City has had an increase in criminal activity in the two parks designated for Occupy Portland.
4. Commander (b)(6), (b)(7)c with FPS has spoken to the US Attorney (USA) in Portland and the USA is in agreement with the City of Portland to limit the protesters to the designated areas.
5. Commander (b)(6), (b)(7)c indicated that the City would provide the necessary resources to peacefully remove the protesters from Terry Shrunk Plaza.
6. Commander (b)(6), (b)(7)c also indicated that in speaking to the organizers of Occupy Portland, those people occupying Terry Shrunk Plaza are not "per se" apart of Occupy Portland.

In our conference call this morning, I indicated that GSA's position remained the same in that protesters right to assemble in Terry Shrunk Plaza, even without a permit, would not be infringed. However, I do give deference to law enforcement. Since the City of Portland is limiting the protesters to the designated areas, I recommend that GSA does the same.

Please advise.

PORTLAND -- Nearly 30 people were arrested Sunday morning as "Occupy Portland" protesters refused to leave Jamison Square, but the demonstration ended without violence, police said.

When the park closed just after midnight, police warned everybody that they would be arrested if they didn't leave.

Early Monday, protesters created another encampment at Terry Shrunken Plaza. They were also expecting a visit from documentary filmmaker Michael Moore at 3:30 p.m.

"The occupation movement condemns police brutality as well as the unjust and growing inequality of wealth, resources, and political influence in the nation and world," the statement read.

The Sunday arrests came after a long march around the city that ended in Jamison Square Saturday.

The group announced that it will organize a rally [next Sunday](#) at Terry Schrunken Plaza to protest the Keystone XL Pipeline that would carry crude oil from the tar sands of Alberta, Canada, to Texas refineries.

There was also talk of a 'zombie' march on Bank of America to protest that bank's business relationship with coal firms.

It was also determined that the person with the firearm had a concealed weapons permit, so he was informed of the law against having a firearm on federal property and was NOT arrested, but informed he had to take the firearm and leave. All,

The Protestors are so un-organized that they couldn't get anyone to sign the permit yesterday. They also ended up not using Terry Shrunk last night for their rally. I checked the park along with some of the other Southern Command Inspectors and there were no sleepers in the park. I will keep you all posted as things progress.

Team,

Here is where we stand. The organization is going to fill out a permit today and will use the park for its assembly. In speaking to the organizer, he indicated that the organization will abide by the rules of use and will try not to have people camping out in the park.

Thanks,

Protests and Demonstrations

D11012155: The group, Occupy Wall Street, participated in a march through the streets of Portland. The group passed by several Federal properties and stopped on Federal property at Pioneer Courthouse Square. There were a total of approximately 2000 protesters. Media was on site and there were no incidents to report. FPS monitored this event. Following this event, with the city's approval, several of the protesters camped over night across the street from the Federal Courthouse. The tents will be ordered to be removed at approximately 0900 on 10/7/2011 due to the city's preparation for the Portland City Marathon.

Seattle, WA: Protesters are continuing to demonstrate in Seattle's Westlake Park. Although Westlake Park is near Federal property, FPS has not had any problems with employees accessing Federal Property. Portland, OR- Occupy Portland continues to protest adjacent to the Federal Courthouse in Portland. On the morning of 10/13/11 , police moved in and cleared the protesters from the city streets. Protesters had closed Main St.; however, after 8 uneventful arrests, the street was open again. The Mayor said that protesters would still be able to remain in the encampment. There are approximately 1500 protesters that have set up camp in the city park across the street from the Federal Courthouse.

Seattle, WA- Occupy Seattle continues to protest in Seattle. Protesters have given the Mayor a list of demands that have yet to be granted. The Mayor is attempting to move the protest to City Hall from Westlake Park. Protest organizers have said that they plan a mass occupation at the park on Saturday where they will set up tents and camp overnight. Seattle PD has already made arrests for the unlawful tents and they say they will continue to make arrests as necessary. Federal Property has not been significantly affected by the protests at this time.

Portland, OR- Occupy Portland continues to protest adjacent to the Federal Courthouse in Portland. On the morning of 10/13/11 , police moved in and cleared the protesters from the city streets. Protesters had closed Main St.; however, after 8 uneventful arrests, the street was open again. The Mayor said that protesters would still be able to remain in the encampment. There are approximately 1500 protesters that have set up camp in the city park across the street from the Federal Courthouse.

Seattle, WA- Occupy Seattle continues to protest in Seattle. Protesters have given the Mayor a list of demands that have yet to be granted. The Mayor is attempting to move the protest to City Hall from Westlake Park. Protest organizers have said that they plan a mass occupation at the park on Saturday where they will set up tents and camp overnight. Seattle PD has already made arrests for the unlawful tents and they say they will continue to make arrests as necessary. Federal Property has not been significantly affected by the protests at this time.
